PUBLIC NOTICE

In accordance with the previous public notice for the Analysis of Brownfield Cleanup Alternatives (ABCA) the Leelanau County Brownfield Redevelopment Authority (LCBRA) will be completing soil remediation at the former Leelanau County Government Complex located in Leland, Michigan (located between S. Chandler St and S. Grand Ave.). The remediation will consist of the excavation of shallow soils, transport of soils to Glen's Landfill for disposal, and site restoration through the placement of clean soils. The remediation activities will begin Monday, July 18, 2016 and are estimated to continue until Friday, August 5, 2016. The remediation requires the use of Main St. (M-22) in Leland by dump trucks for ingress/egress to the project site. Every effort will be made to minimize disturbances to visitors, residents, and businesses during the remedial effort. The soil remediation activities will be conducted week days with no hauling of soils to be conducted on weekends.

Questions/comments regarding the remediation project can be directed to Ms. Trudy Galla at (231) 256-9812 or via email at tgalla@co.leelanau.mi.us Documents on the cleanup can be found online at: <http://www.leelanau.cc/pages3046076.asp>.
